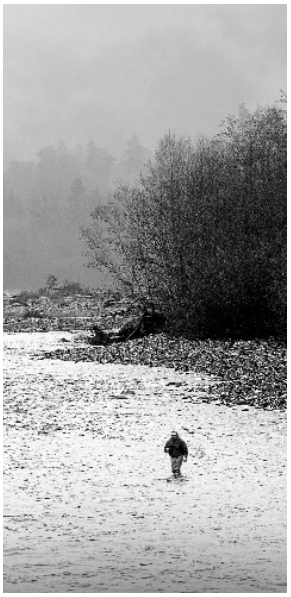
Spey Casting *with Bill Lowe*

Sage Clinic Series
Sunday, March 18 10 am - 5 pm

What is Covered in this Clinic:

Spey Casting Overview	**River-Right Mending/Presentation**
Technique, Terminology & Technology	**River-Left Mending/Presentation**
Single Spey Cast	**Specific Instructions**
Double Spey Cast	**geared to each participant's needs**



Bill Lowe enjoys spey casting with a passion that must be seen to be believed. Spend a full day learning the effectiveness of spey-rod casting and fishing. Learn to cast both single-spey and double-spey, from both river-right and river-left directions, as well as gain a thorough understanding of the terminology associated with spey-rod fishing.

From the 12-1/2 foot 6-weight to the 15-foot 10-weight, in both the Traditional and European tapers, Sage will provide the opportunity to cast and feel each and decide which outfit best fits your needs. The class size is limited to no more than six casters so that you have the one-on-one attention that is needed to fully appreciate these incredible tools. Spey casting allows an angler to work more line with great efficiency, and is a powerful tool when faced with large rivers or tight backcast room.

Equipment -

Sage will provide state-of-the art equipment spey setups for you to use throughout the day! There will be wading in this class. Students will need to provide their own waders, boots & appropriate clothing for this outdoor class, as well as a sack lunch and snacks.

Instructor -

Born and raised in the Sacramento area, Bill Lowe has been providing fly fishing instruction and running a full-time guide service since 1994. Spey-rod instruction and fishing have become a real passion for him, with steelhead, salmon, shad, and trout all being the targeted species. Bill has conducted numerous fresh and saltwater schools for ***SAGE Fly Rods*** and is well equipped to meet the needs of the beginner as well as the more advanced angler.

Limited to 8 students. Payment required to reserve a spot. **Clinic Fees: $150/person**

Please note: Thanks to Sage Fly Rods for providing the equipment for this clinic. Wading is required for this clinic. Waders and appropriate wading equipment is the responsibility of the student. Attendees should have mastered basic casting techniques & be familiar with basic fly fishing equipment.
